

Adopt a School Project

Would you like to make a difference in a school???

The Adopt a School Project is a great way for our churches to minister in and to our schools through different avenues.

Here are a few ideas of ways you could minister in the school...

- Breakfast/lunch on special occasions
- Snacks in the teacher's lounge
- Notes to administration and staff on birthdays and special holidays
- Provide door prizes to be given away at faculty meetings
- Prayer walk around the school grounds
- School supplies for children in need
- Shoes and coats for children in need
- Teacher resource person—possible speaker for class
- A prayer request box in the teacher's lounge—take and pray over weekly
- Tutoring children in reading, math, etc.
- Their biggest need—PRAYER

You can be as creative as you want to find unique ways to be an encourager as well as meet needs! The key is to find what works for your church and the school you adopt.

There are still some schools that have not been adopted and would like to be. If the school in your area has already been adopted, we can see about arranging for your church to partner with that church and minister to the school together. The Adopt a School project is a terrific way for our churches to make an impact in our schools!!!

If you have any questions about the program or you want to find out about the school in your area or you would like to get involved, please call Stacy, 794-6281.
